

FOOD ACCESS IN YOUR NEIGHBORHOOD

Whether it is the lack of a grocery store, farmers market, community gardens, or fresh, affordable, and healthy food – We need better access to food in all of our neighborhoods.

Come help us give the City of Des Moines ideas on how to improve food access for ALL residents. **Join us for a free dinner, activities for kids, some take-home ideas and items,** and most importantly... opportunities to let your voice – young and old – be heard!

Thursday, November 1, 2018 6:00 -8:00 pm
