

DES MOINES

PARK & RECREATION ZONES 2010 ASSIGNMENTS

2010 Assignments for Park and Recreation Staff

The City of Des Moines is divided up into seven maintenance zones for Park and Recreation maintenance activities. Each zone is managed by a Horticulture Inspector and works with a Park Planner on construction and repair projects.

Recreation staff is assigned to one of three areas of the City separated by the Des Moines and Raccoon Rivers. These assignments will be used for the 2010 calendar year.
