

Premium Yard Waste Service

The city offers a convenient program to collect your yard waste in a 96 or 64-gallon cart similar to the cart used for refuse and recycling. The cart can be easily rolled around with you as you do your yard work. This is a great alternative to finding an assistant to hold open a flimsy paper bag as you attempt to cram in yard waste. Yard waste is collected year-round in the City of Des Moines on your regular collection day.

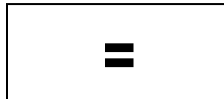

Conveniently billed on your monthly water works bill.

96- gallon cart is only \$10.42/ month

64- gallon cart is only \$8.34/ month

3 yard bags (\$4.65)

One full cart
(weekly collection cost \$2.60)

Get yours now for use this spring!
