

**If you suspect Emerald Ash Borer,
contact one of the following:**

Iowa State University Plant and Insect Diagnostic Clinic (ISU) 515/294-0581

ISU Extension Entomology (ISU) 515/294-1101

Iowa Dept. of Natural Resources (DNR) 515/281-5918

Iowa Dept. of Agriculture and Land Stewardship (IDALS) 515/725-1470

If the presence of EAB is confirmed, make arrangements to treat live ash trees or remove dead and dying ash trees to avoid the risk of them falling on people or buildings. Unattended, an infested ash tree may die and fall in 2 - 3 years.

To find a qualified tree professional, check out [How to Hire a Tree Service](#) on the Forestry webpage at www.dmgov.org
