ADDITIONAL INFORMATION:

Various Departments throughout the City utilize the MicroStation Software, where Bentley is the sole area-wide provider of this software and support services. The MicroStation Software includes Computer Aided Design as well as functions for infrastructure design, engineering, and modeling. The Information Technology Department and the Engineering Department desires to renew the MicroStation Software License with Bentley Systems. There are 34 computers Citywide that have MicroStation Software installations. Bentley is the sole area-wide provider of this software and support services, and has licensed and provided support per the existing licensing agreement that will be expiring June 18, 2015.

The Information Technology Department and Engineering Department staff recommend approval of the Select Subscriber Program Agreement to provide for licensing and support services for a three (3)

year period of June 19, 2015 thru June 18, 2018, at a cost of \$51,073.25 for the first year, \$55,159.11 for the second year, and \$59,571.84 the third year.

Municipal Code section 2-276 (a) (7) provides for a non-competitive procurement of goods and/or services that are of such a nature that they are the only goods and/or services which will fit and comply with the required use, or are an integral part of a total system so as to be uniquely compatible with existing city need, materials or equipment to be cost effective. Funding has been programmed in the Operating Budgets of the respective Departments that have MicroStation Software installations.
