

Homeowner Rehabilitation Contractor List

The presence of a contractor's name on this list does not constitute a recommendation by the City of Des Moines Community Development Department. This list has been established merely as a guide of those contractors who desire to bid jobs and have met the insurance requirements of the Neighborhood Conservation Services Division.

It is recommended that you select a GENERAL contractor unless the work you are having done is of a limited or special nature. General contractors are responsible for the entire job including work completed by a specialty contractor; specialty contractors usually only have experience in one trade such as electrical, heating or plumbing.
