

Register Your Rain Garden!

We are compiling a list of rain gardens in Iowa! This list will be displayed as an interactive GIS map at www.dmparks.org and will help us track interest in rain gardens as well as educate people about their use. If you have (or are in the process of creating) a rain garden, please take a moment to fill out this form and send it to: Parks Office, 3226 University Avenue, Des Moines, IA, 50311. Thank you for your participation!

Your Name -----

Address of Rain Garden -----

City ----- Zip -----

Where is your rain garden located?

Home Business Park Other (-----)

Would you like your rain garden to be a demonstration garden? (If you sign up to be a demonstration garden, we will note that on the website and encourage people who are interested in starting their own rain gardens to visit yours. This is a great opportunity to help people understand rain gardens by seeing one “in person!”)

Yes No
